About Town

And Country

By TIMOTHEUS T.

Georgia Speed Traps Profitable For Municipalities

DURING MY ABSENCE the past couple of weeks this department carried an article about the Governor of Georgia saying something about making driving more pleasant in his state by abolishing speed traps.

Mrs. Seright got a nice letter and her money back but thousands upon thousands of out-of-state dollars have gone into the financing of municipal governments.

BILL GHENT has received from his mother-in-law at Savannah, Ga., a copy of the Savannah Morning News which is carrying a series of articles dealing with speed traps in rural counties of Coastal Georgia along U. S. Highway 17.

The issue Bill showed me deals chiefly with the problem in Liberty county.

The story figures that Liberty "on a yearly basis . . . pulls into its cash drawer \$27,948 from out-of-state motorists on Highway 17 alone."

And, it continues:

"Its annual income from all speeding charges, throughout the county, is \$41,856, if average figures are to be followed. This is \$6,170 higher than the county's yearly income of \$35,680 from tax on real property, according to 1956 figures of the state department of revenue."

"The out-of-state bond forfeitures represent about 99 per cent of the total number of motorists arrested," the Savannah article says. "The remaining one per cent brought to trial shows that acquittals were nil."

It continues: "All traffic cases in Liberty are filed with the Hinesville City Court, which meets only four times a year."

"When visitors called at the office of the court clerk, they were told that Clerk Oscar Flowers had been ill and, on his doctor's advice, was resting at home in the afternoon. His office was under the charge of Deputy Clerk Bill Brewton."

"Brewton, afflicted with blindness, was pointed in his attitude when he was asked to furnish for examination the speeding fines and bond forfeitures from November, 1956, to April 1957."

"He remained evasive for some time until intervention by other officials who allowed inspection of the records despite Brewton's plea to 'come back later when things would be more in order.' . . ."

"While Liberty is not on a fee-splitting system—having been on a salary scale for about four years—it is still evident that the county is 'not hurting from the want of revenue to run the government.'"

"Speeding arrests by themselves go a very long way towards keeping the governmental wheels turning."

Gradual Desegregation Ordered in Nashville; Kasper, 6 Others Convicted

KNOXVILLE, Tenn. (AP)—The Tennessee integration struggle shifted today to the capital at Nashville from a federal courtroom here where John Kasper and six residents of Clinton sat stunned when a southern white jury found them guilty of criminal contempt.

In six weeks Nashville grammar schools open with integration going into effect in the first grade as part of a gradual desegregation plan that has won temporary approval of a U. S. district judge.

Kasper, 27, who is appealing two convictions for his interference with Clinton school integration, plans to go to Nashville in about 10 days to get in new groundwork.

Blasts Gov. Clement

With a blast at Gov. Frank Clement, the lanky Yankee-born segregationist said after his conviction that "Tennessee has no government" and the battle must be won or lost in this state.

In Clinton meanwhile the second integrated school year is expected to start late next month with 11 Negroes enrolled with some 750 whites. The Negroes will include five who attended last year. W. D. Human, the new principal, said the school board would set the exact opening dates.

The Clinton residents, whose sentences along with Kasper's were delayed pending new trial motions, drove home through a sultry east Tennessee afternoon. They face possible sentences of six months in jail and \$1,000 fines.

Two Hours Deliberation

Kasper and the others were convicted of conspiring to violate U. S. District Judge Robert L. Taylor's injunction against interference with the Clinton integration. They were charged with blocking the Negroes' route to school and beating up a Baptist minister who ran a heckling gunlet to deliver the Negroes to class.

The twelve jurors chosen to sit through two weeks of testimony and summations were mostly craggy-faced mountaineers whose roots are in east Tennessee. There were one attractive housewife. A matronly school teacher and a young clerk, the only man under 40 in the group.

They deliberated two hours and nine minutes, not counting an hour and one half for lunch.

Search for Mad Killer

TINNIE, N. M. (AP)—Police cordoned off a 100-mile square area around this small town today in a search for a man who terrorized a postmistress and is believed to be the madman murderer of three persons.

Postmistress Mrs. Virginia Guest, 40, told the state police the man entered the post office Tuesday and asked for a bed for the night. He then tried to cash a money order. Mrs. Guest refused both requests.

The man looked at the criminal wanted posters on the bulletin board and asked her: "How come my picture isn't up there?"

Mrs. Guest said the man asked her to accompany him to his car, but she refused.

"I have something in my car that will make you come with me," she quoted him as saying. Then he started for his car, a red 1952 Hudson.

Mrs. Guest took a revolver from

Run by Fire Department

The Harrisburg Fire department made its first run to a fire since June 17 when it was called to a burning tar wagon belonging to the Midland Construction Co. at Church and Mill streets at 2:30 p. m. Tuesday. The tires on the wagon were damaged.

John W. Pulliam, 74, Former County Resident, Dies at Fisk, Missouri

John W. Pulliam, 74, died in his home at Fisk, Mo., at 4 p. m. Tuesday. The funeral will be held in Fisk at 2 p. m. Thursday and burial will be there.

Mr. Pulliam is survived by his wife, Mildred. He was a retired school teacher of Hamilton county and his death follows an extended illness.

Mr. Pulliam was a former Saline county resident and his brothers, Cecil Pulliam and Charles Pulliam, live in Galatia. His sisters, Mrs. Martha Braden, Mrs. Agnes Cotter and Mrs. Blanche Ogden are residents of Hamilton county.

Cost of Living At New Record For 10th Month

WASHINGTON (AP)—The cost of living rose last month to 120.2 per cent of the 1947-49 base average, setting a new record for the 10th month in a row.

The Labor Department said today that the consumer price index rose 1/2 of 1 per cent between May and June—mostly because of higher food prices—to pass the 120 per cent mark for the first time.

The increase means cost of living pay increases ranging up to 4 cents an hour for approximately 650,000 workers in trucking and in electrical and aircraft factories whose wage contracts provide for changes based on the consumer price index for June.

Ewan Clague, commissioner of the Bureau of Labor Statistics which computes the index, said he expects the cost of living to rise again in July. But he said it probably will go down in August unless the drought now affecting fresh fruit and vegetable crops gets much worse.

Clague said there also is a possibility that the cost of living may decline in later months of the year, reversing an upward trend that began in April, 1956.

The BLS also reported that the buying power of the average factory worker's take-home pay—weekly earnings after federal taxes—also showed a slight increase in June for the first time this year.

Jones to Seek Re-Election

State Senator Glen O. Jones will seek re-election to the office to which he was elected four years ago, he reveals in a letter sent to party workers.

"I will be most grateful for your support in the coming campaign, and I will come and see you as soon as opportunity permits," the Harrisburg attorney who resides in Raleigh township writes.

"It was my good fortune to be selected the outstanding first term senator in the 1955 session and I received honorable mention as the outstanding veteran senator in the session just closed," his letter to committeemen states. "It takes a term for a man to become acquainted and to establish himself in a body like the legislature, and I believe I will be able to serve you most effectively in the sessions while lie ahead."

Senator Jones, a Republican, serves the Fifty-first Senatorial district composed of Saline, Johnson, Pope, Hardin and Massac counties.

Senator Jones, Mrs. Jones and their two sons have just returned from a vacation trip that took them into Canada and to Cleveland, where he sat on an Atomic Energy panel. He has served as chairman of the Illinois Atomic Energy commission.

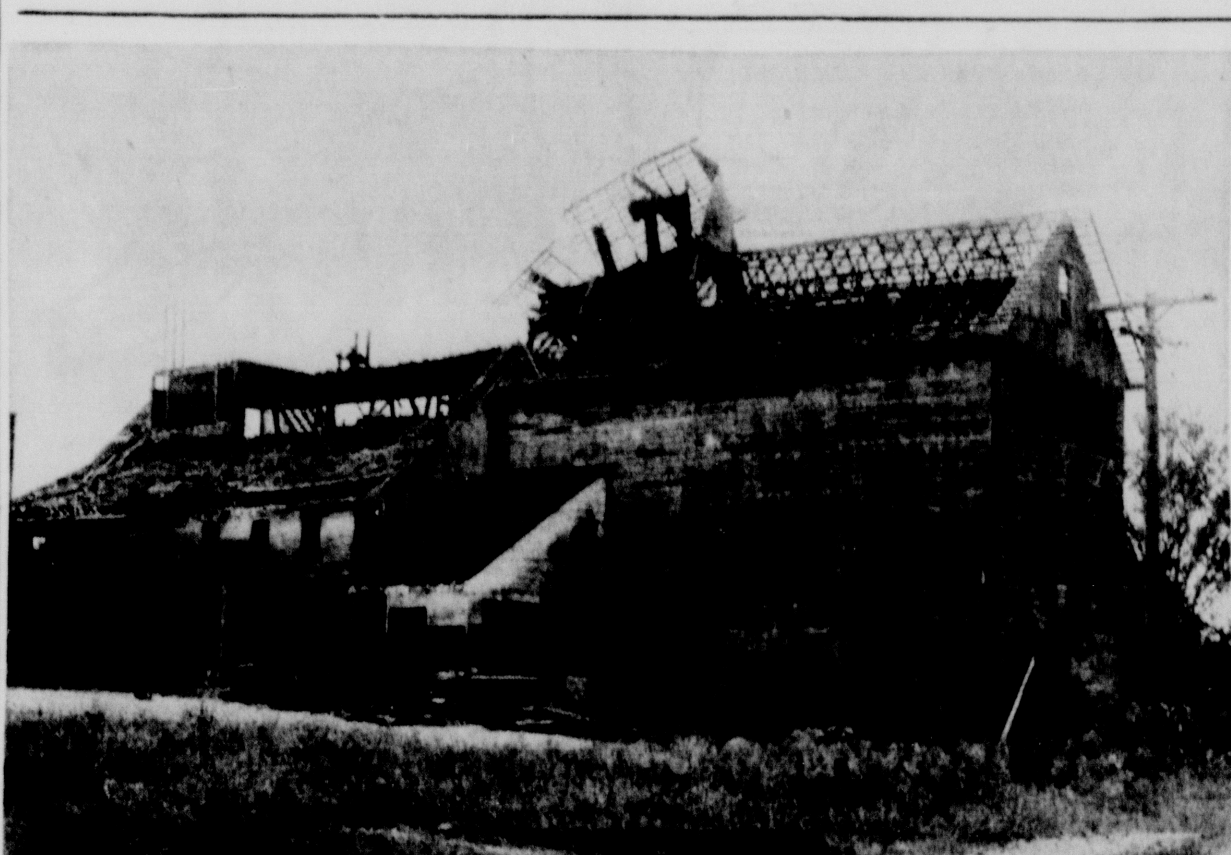

Death Takes

C. M. Suiter, 64

Charles L. Suiter, 64, 721 West Raymond street, Harrisburg, died last night of a heart attack. Born in Mayfield, Ky., March 12, 1893, Mr. Suiter had been a resident of Harrisburg for several years. He was a retired termite exterminator. He is survived by his wife, Lenora, his children, Charles Suiter and Jerry Suiter of Harrisburg, and his stepdaughter, Mrs. Jean Hawkins of Indianapolis. One brother, Joyner Suiter of Mayfield, Ky., and one sister, Mrs. Alice Vaughn of Mayfield, also survive.

The body is in the care of the Gaskins funeral home and will be received by the Roberts funeral home in Mayfield, Ky. Funeral plans have not been completed.

Senate Ready to Deal Ike New Jolt on Civil Rights

A GALATIA LANDMARK, the old mill in the southwest part of town, is in the process of being razed. Out of operation since 1933, the mill once was a big industry in Saline county. (Daily Register Staff Photo)

Kill Federal Dam Project

WASHINGTON (AP)—The House Interior Committee formally killed the federal Hells Canyon dam project today by a vote of 16-14.

The action, anticipated for the past three weeks, came after sponsors of the highly controversial public power proposal made brief speeches defending it. One called it "the only legitimate development of the peoples' resources" in Hells Canyon.

Fourteen Republicans and two southern Democrats, Reps. James A. Haley and George A. Shuford of North Carolina, cast the votes that spelled final defeat for the proposed federal dam.

The bill would have authorized federal construction of a high federal dam in the Hells Canyon reaches of the Snake River on the Idaho-Oregon border. It was opposed by the administration. The Federal Power Commission has authorized the Idaho Power Co. to build three low dams in the canyon.

Geo. W. Allen, 88, Dies at Son's Home In Carrier Mills

George W. Allen, 88, Friend street, Carrier Mills, died Tuesday at 6:45 p. m. at the home of his son, Charley Allen. He was 88 years of age.

He was a retired farmer and son of the late Mr. and Mrs. David Allen.

His wife preceded him in death in 1946. Survivors are two sons, Charley Allen of Carrier Mills, Elmer Allen of Harrisburg, and a daughter, Mrs. Orion (Eva) Davidson, Southwick, Mass. There are 11 grandchildren, 13 great-grandchildren and 4 great-great-grandchildren.

The body will lie in state at the Miller funeral home until the funeral hour. Funeral services will be held Thursday at 2 p. m. at the Carrier Mills Baptist church, where he was a member, conducted by Rev. Ernest Ammon of Harrisburg. Burial will be in the Abney cemetery, Brushy township.

Pallbearers will be J. O. Slayden, Louie Pool, Ed Flannell, Lee Carner, Raymond Allen and Logan Uzzle.

Temperatures

Turn Cooler

Forecast severe thundershowers did not reach Harrisburg but the predicted cooler weather did.

Last night the mercury dropped into the soothing sixties and at mid-morning the temperature was still in the upper seventies.

For days the mercury had hit the nineties with the humidity high and uncomfortable.

Default Matters

In Court Thursday

Circuit Judge Clarence E. Wright of Carbondale will preside over default matters in circuit court here Thursday of this week instead of Friday, the usual default day, Circuit Clerk James R. Burroughs announced today.

Razing Old Mill at Galatia; Furnished Employment, Power in Earlier Years

The old mill at Galatia, once a big business in these parts, is being torn down.

The mill, which was built sometime between 1870 and 1880, according to the recollections of some of the old citizens, once created considerable employment in the area and in addition its power generating plant furnished electricity for the community.

"It was a fine generating plant," one citizen remarked.

The structure is now owned by the Harold P. Barnes estate and George Barnes, his son, stated the building is being razed because of its antiquated condition.

It has not been used as a mill since 1933, the old machinery being taken out some time after that period and junked.

One resident remarked that there had been an earlier mill in the area where Route 34 makes the slight curve off the west side of town.

"It was an old red mill on the creek," he stated.

Then the mill now being razed was built around 80 years ago three blocks to the south on the railroad tracks by R. H. Webster, who with his son, Jack, operated the mill for years and years.

"Jack was a big operator in those earlier days," the reporter was told. "He had a thriving business institution and bought corn and wheat from all over, southern Illinois. Jack had two mill ponds and a dam and pumping station on the creek."

During the mill's heyday, it was added to a number of times until it became a gigantic frame structure.

Known as the Webster mill, it was in that family until about 30 years ago when a group formed a corporation. Harold P. Barnes, who bought an interest in the corporation, was its first president.

Postmaster Announces

Special Mail Collection Service Added for Residential Areas

Improved mail service, in the form of additional collection schedules, has been announced by Harrisburg Postmaster A. M. Hetherington.

Mr. Hetherington states tests were made earlier this month pertaining to residential mail collections, with the consent and co-operation of the District Manager of Postal Operations Department.

After studying results of the test runs District Manager D. M. Magee has authorized the establishment of a special collection of residential mail in the early evening and also later collections in the business district.

Cards on all collection boxes have the time of last collections to give prompt dispatch of all mail.

These collection schedules are set up so all mail collected on the final run of the day will depart from the Harrisburg Post Office on the 7:30 p. m. dispatch.

Mail can be placed in the post office or the box in front of the post office as late as 7:30 and still make the dispatch. However, Mr. Hetherington asks that mail of unusual quantity be placed in the post office and not the box, to aid in the dispatching.

Eldorado Youth Pleads Guilty to Driving Charge

William Earl Clark, 17, Eldorado, who took his father's car yesterday, was arrested near Harrisburg last night by City Patrolman John Dunn and was charged with driving while intoxicated.

This morning Clark pleaded guilty to the charge when arraigned before Justice of the Peace O. L. Woods and was given the choice of a fine of \$200 and costs or 100 days in jail.

Police got a call from North Main street that two youths were arguing in an automobile and Dunn went to investigate. The car took off north on Route 34 but Dunn ran it down near the old airport site.

Two Youths Admit Burglaries

Sheriff William T. Barrett and Chief of Police Ross Lane said today that they had been investigating the July 19 burglaries of the D-X bulk plant and the Trading Post on Gum street in Harrisburg and that two youths are held in the county jail who have admitted the burglaries.

However, no charges have been filed as yet, the officers stated.

They admitted taking a case of quarts and a five-quart can of motor oil from the bulk plant and two boxes of shells for an antique rifle at the Trading Post, the officers said.

Expect Ban on Injunctions by Att'y General

Passage Will Leave Bill Primarily Voting Rights Measure

WASHINGTON (AP)—Dixie foes of the administration civil rights bill seized on the Clinton, Tenn., segregation case verdict today as a clinching argument for a jury trial amendment.

The Senate meanwhile made ready to deal President Eisenhower a jolting setback on another key feature of the bill.

A vote was scheduled this afternoon on an amendment to strike out a provision giving the attorney general sweeping powers to seek injunctions in rights cases generally.

Supporters of the amendment were confident the Senate would approve it by a substantial majority. One authoritative source forecast a tally of 55-60 votes for the amendment. Opponents privately conceded defeat.

Senate Democratic Leader Lyndon B. Johnson said he had "no doubt" the amendment would carry.

Passage of the pending amendment would leave the bill primarily a voting rights measure. Southern opponents were gearing for their next attack—a move to amend the bill to provide for jury trials in contempt cases involving voting rights.

They said Tuesday's verdict in the Clinton case refuted a main argument of the bill's supporters that a white jury in the South would not convict in Negro rights cases.

An all-white federal court jury at Knoxville, Tenn., found out- sider John Kasper and six of 10 Clinton residents, likewise whites, guilty of contempt for violating the court's injunction against interfering with Clinton's school integration.

Other congressional news:

Foreign Trials: Defense Department officials told the House Armed Services Committee that a new proposal to change the status of forces agreements covering trials of overseas servicemen would "backfire." They said it would actually hurt a soldier's chances of getting a speedy and fair trial and would give U. S. authorities less, rather than more, jurisdiction over crimes committed by American troops overseas.

Cigarettes: A Consumers Union official told congressional investigators that no filter tip cigarette "can be considered in any sense to have eliminated whatever health hazard is presented by smoking. Irving Michelson, head of the organization's special products division, testified that smokers get just as much tobacco tar from smoking king size filter tip cigarettes as from regular non-filter varieties.

Air Force: The House Armed Services Committee approved a bill that would give congressmen more voice in picking cadets for the new Air Force Academy. The bill would reduce the number named by the President from 89 to 22 a year.

Mrs. Alice Hill of Shawneetown Dies

Mrs. Alice Hill, 81, resident of Shawneetown, died at the Ferrell hospital in Eldorado Tuesday morning. The body will lie in state at the home of her niece, Mrs. Margaret Wilderson, in Shawneetown until the funeral which will be held at 2 p. m. Thursday in the Shawneetown General Baptist church. Rev. Frank Sanders will officiate and burial will be in the Westwood cemetery.

Inflation

EDITORIAL BY BRUCE BLOSSAT

Like the Russians, the threat of inflation is always with us. The battle between inflationary and deflationary forces is to the domestic front what the East-West struggle is abroad.

Right now the battle is raging afresh. The cost of living index has hit a new high again after a climb of many months. The steel industry has announced a price boost that will surely have spiraling effects throughout the economy.

President Eisenhower, anxious to avoid controls, has urged business not to hike prices unless necessary to get expansion money, and called on labor to relate demands for wage increases closely to advances in productivity.

Secretary of the Treasury George Humphrey has of course warmly defended the government's policy of keeping a lid on money and credit as an essential weapon in this fight. The report of the Joint Congressional Economic Committee lends support to his position.

On the other side, certain leading Democrats, particularly some involved in Senator Byrd's inquiry into U. S. financial conditions, attack the "tight money" policy as costly and damaging to important segments of the economy. They stress the perils of deflation.

With inflationary pressures evidently mounting in spite of existing efforts to combat them, it would be surprising if the present tug-of-war on the issue should be resolved in favor of easier money.

But however the current phase works out, the conflict will go on indefinitely. Our tremendous economy is constantly churned by powerful forces which continuously threaten to become unmanageable. Inevitably in this time government must walk a high wire between the two perils.

Inescapably, too, there will be loud pleadings on both sides who will argue that we are approaching one peril or the other. We shall just have to keep our shirts on and hope that out of the turbulent air will emerge policies that somehow keep us traveling that delicate wire.

Flights of kites are impossible when wind velocity is less than 12 m.p.h., according to the Encyclopedia Britannica.

"I Think He's Taking Advantage of Us"

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Friend of insane Axis propagandist stirred up Clinton riots; Republicans can't stop Southern filibuster.

WASHINGTON. — In reviewing the bitterness stirred up at Clinton, Tenn., it's important to remember that the confused young man who stirred it up, John Kasper, is a close friend of Ezra Pound, who broadcast for the Axis during the war. Pound escaped trial as a traitor only on the plea of insanity.

Kasper also was on such intimate relations with Negroes that he attended Negro dances in Harlem, and brought a Negro girl, Florette Williams, from New York to Washington to visit Ezra Pound at St. Elizabeth's hospital for the insane.

With this background, Kasper, who has spent most of his life in the north, went south to organize white citizens councils and to stir up trouble against the race with which he had been so intimate in New York.

INCOMPETENT VETERANS

Last week the House Veterans committee considered a bill by which the estates of incompetent veterans dying in veterans hospitals would be paid to their wives, dependent parents and children.

The bill was considered because some aged veterans, either insane or incompetent in VA hospitals, have been leaving fairly large estates, and it was proposed that these estates go to the wife, parents or children—or in case none of them was living the money would go to the U. S. Treasury.

Congressman Carl Anderson, Republican of Minnesota, proposed an amendment to include brothers and sisters in the list of beneficiaries.

Later it developed that Anderson has a brother who has been in a VA hospital since World War

I. The congressman is the brother's guardian and handles his estates.

Note.—The bill was beaten. The law now remains as is: The estates of incompetent veterans go to next of kin, no matter who.

CIVIL RIGHTS NOTES

Nine Republicans have notified Senator Knowland they will not vote to shut off the filibuster. The list includes Goldwater (Ariz.), Jenner (Ind.), Young (N. D.), Malone (Neb.), Mundt (S. D.), and Williams (Del.). This means that the filibuster can last interminably unless there's a compromise. Only 60 votes can be raised by Republicans and northern Democrats for cloture—which is far short of the necessary two-thirds.

Knowland has promised to deliver 35 Republican votes against the jury trial amendment. He has told Senator Douglas of Illinois, the Democratic civil rights leader, that all he needs to do is to raise 15 votes to defeat the jury trial amendment. Northern Democrats, however, are having trouble finding even 15 Democratic votes. Such senators as Jackson and Magnuson (Wash.), Mansfield and Murray (Mont.), and O'Mahoney (Wyo.) have indicated they will vote with the south for trial by jury.

Vice President Nixon has been using his influence with Republicans to stop talk of compromise. He is probably the toughest negotiator for a strong civil rights bill. . . . Southern senators have agreed to let the debate roll along without any undue obstruction for the first couple of weeks until they see what kind of compromise they are getting. They are convinced they will get some important compromises.

DIPLOMATIC POUCH

UN troops in the Gaza Strip are now so completely under Egypt's thumb that they had to smuggle in new furniture from Israel. They couldn't buy it openly. The Egyptian

have forced the UN command to bring all its supplies through Cairo and across the Sinai desert instead of the short route through Israel. This has run expenses so high that recently UN headquarters secretly bought new furniture in Tel Aviv and smuggled it across the border into the Gaza Strip.

King Saud has sent a secret message to President Eisenhower demanding that he keep Israeli ships out of the Gulf of Aqaba. Saud has swung emphatically behind Egypt on this highly explosive issue. He now believes Eisenhower double-crossed him.

Premier Ben-Gurion has warned that Dictator Nasser intends to blockade the Gulf of Aqaba with submarines he got from Russia. Ben-Gurion has also warned that such a blockade will mean war. . . . The Egyptians have quietly started building a submarine base in Alexandria, big enough to handle 20 subs. It will fly the Egyptian flag, but will really be a front for the Russian navy.

To Arrest for Violations of Truck Regulations

J. Hobart Travis of Rosiclare, field investigator for the Illinois Commerce Commission, states his department would be making arrests for violations of new regulations for trucks. He lists the following regulations under the Illinois Motor Carrier of Property act as amended by the 70th General Assembly.

Illegal to operate without authority—A certificate, permit or registration authorizing such operation shall be carried in the power unit of each unit of each motor vehicle while being operated. Copies may be photographed, photocopied or reproduced or printed by any other legible and durable process.

Any motor carrier as agent while operating on the highways of this state and who (1) fails to have in the power unit of each motor vehicle a certified copy of his operating authority, or (2) fails to have proper franchise plates attached to each motor vehicle, or (3) fails to have proper identification on each motor vehicle is guilty of a misdemeanor and shall be punished by a fine of not less than \$25 nor more than \$300 or by imprisonment in the county jail for a period of not more than 30 days or by both such fine and imprisonment.

Any motor carrier operating upon the highways of this state, or any agent will be subject to the same fines if they operate over a route or in a territory not authorized in such motor carrier's certificate.

Army Denies Trainee Deaths

FT. POLK, La. (UPI)—The Army has denied reports that the hot, humid climate here killed 15 basic trainees.

A spokesman said only one man died out of numerous cases of heat exhaustion. He was Pvt. Raymond Santos, of Fulton, Ill.

The public information office said the reports, made in letters home by recruits, were not true. He said medics accompany the trainees and allow them to drop out of formation and rest if the heat of the southwest Louisiana region affects them.

The United States government can be sued by an individual.

Royal Daughters Class
Holds Picnic Meeting

The Royal Daughters Sunday school class of the Social Brethren church held a picnic and wieners roast Thursday in the home of Mr. and Mrs. Cecil Cook.

Those present were Mrs. Carrie Randolph, Mrs. Christine Evans, Mrs. Essie Souheaver, Mrs. Goldie Dunn, Mr. and Mrs. Cecil Sweat, Mr. and Mrs. Harry Morse, Mr. and Mrs. Dewey Durfee and grandchildren, John and Sherrie, and the host and hostess.

The August meeting will be a family meeting in Karel park.

Mrs. Effie Davis, 130 South Vine street, underwent surgery at the Harrisburg hospital Monday. She is reported to be making a good recovery.

Mrs. Charles T. McKenzie had a visitor in her home last week. Mrs. R. L. Smith of Stockton, Calif., a close friend, was her houseguest.

Don Richard Owen, son of Mr. and Mrs. John L. Owen, 807 North Webster, is visiting his parents for the two weeks of his vacation. Don is an IBM operator for a cotton firm in Dallas, Texas, where he has been living for several months.

Kenneth C. Capel is in the Presbyterian hospital in Chicago for diagnosis. It is reported that he arrived in good spirits and has a pleasant room. His address is, Presbyterian Hospital, 1753 Congress street, Chicago, Ill., Room 356. Mrs. Capel and Mr. and Mrs. Carl Rude accompanied him to Chicago Tuesday.

MR. AND MRS. CHARLES OWEN GRAVES, who were married recently at Ortonville, Mich.

Miss Evanel Pyle and
Charles Owen Graves
Wed at Ortonville, Mich.

Miss Evanel Pyle, daughter of Mr. and Mrs. J. C. Pyle of 265 Church street, Ortonville, Mich., and Charles Owen Graves, son of Mr. and Mrs. Charlie Graves of Carrier Mills, were married in the Ortonville Baptist church at ten o'clock in the morning on July 4. Rev. Perry Deyarmond performed the double-ring ceremony in the presence of the families and friends.

The bride was given in marriage by her father. The bride wore a street length dress of white embossed nylon over white satin. Her accessories were white and she wore a white orchid corsage.

Mrs. Shirley Cox, Detroit, Mich., served as her matron of honor and wore a yellow nylon dress with matching accessories. Her corsage was of yellow roses.

Bobby Joe Graves, brother of the bridegroom, acted as his best man.

The mother of the bride wore a light blue dress, complemented by white accessories and a corsage of pink carnations.

The mother of the bridegroom chose for her son's wedding a navy blue crepe ensemble with white accessories. Her corsage was of pink carnations.

There was a reception in the home of the bride's parents immediately following the wedding. A three-tiered wedding cake held the place of honor and was decorated with pink sugar rosebuds. It supported a miniature bride

and groom.

The bride is a graduate of the Ortonville high school and has been an employee of the National bank of Detroit.

Mr. Graves is a graduate of the CMCHS and is serving in the U. S. Navy, stationed in New York.

The bridal couple are at home to their friends in New York.

Brushy

Farewell Party for
Visitor from Texas

The John C. Small family visited in St. Louis, Mo., and Highland, three days last week. Mrs. Small's sister, Mrs. Myrtle Everett of San Antonio, Texas, accompanied them. Mrs. Everett has been visiting friends and relatives in this community during the past month. The group visited Mr. and Mrs. Ray Poggemoeller and family.

The Dee Small family of Marion, gave a farewell party for Mrs. Everett and the following were present. Mr. and Mrs. John Robinson, Mr. and Mrs. R. C. Penfold, and Mr. and Mrs. Madge Showalter, Harrisburg, Mr. and Mrs. Eugene Reynolds, Mr. and Mrs. Hal Reynolds and son, Mr. and Mrs. John C. Small and daughter, Mr. and Mrs. Joe Small and son, of Brushy; and Mrs. Eva Jacobs of Marion. Mrs. Everett will continue to her home after a few days visiting in St. Louis, Mo.

Home Bureau Unit
Plans Family Picnic

The July meeting of the Galatia Home Bureau unit was held in the home of Mrs. Kenneth Allen. Ten members attended.

Mrs. Max Cochran presented the topic on "Low Calorie Foods and Their Preparation," offering many weight controlling recipes. The roll call was answered with a "Vacation souvenir, I enjoyed." The members narrated stories of their vacation journeys.

The committee in charge of the family picnic, asked each member to bring her husband and children to a picnic supper, preparing a picnic supper and drink for the family and bringing table service. The picnic is planned for August 12, at 6:30 p. m. in Karel park. This will replace the regular August meeting.

The hostess served individual angel cakes with maraschino cherry topping and punch. The September meeting will be held in the home of Mrs. Cochran.

Mrs. Fanno Bledig announced Sept. 25th as their annual meeting day, in her report as chairman.

4-H News

The Junior Homemaker 4-H club met Monday afternoon at the home of the leader, Mrs. Louie Gaskins. Rosemarie Stain gave a demonstration, "Matching Striped Material." Susan Baker and Ruth Ann Bramlet gave a demonstration of "Mixing and Baking Banana Bread." Mrs. Gaskins discussed plans for the County 4-H show to be held Wednesday, July 31. The girls will be judged at that time on their cooking and clothing projects and participate in a dress revue.

Refreshments were served by the hostesses, Susan Baker, and Kay Stillel. Others present were Belle Turner, Sara Beth Rice, Nancy Edward, Jill Lasersohn, Joyce Bridwell, Marilyn Davidson, Sue Patrish an da guest, Donna Stacey.

Busy, Not Missing

CARBONDALE, Ill. — (AP) — An art student at Southern Illinois University who had been reported missing for two days turned out to be merely a diligent workman. He told officials he had several art projects to do and didn't want to leave the art department until he had finished.

Probers Demand
Return of GM's
Excess Profits

WASHINGTON (UP)—House investigators called today for action to recover some of the allegedly excess profits General Motors made building 599 F84 jet fighters for the Air Force.

Chairman F. Edward Hebert (D-La.) of an armed services investigating subcommittee demanded also that disciplinary action be taken by the Air Force against employees who approved the GM contract.

The Hebert subcommittee made public Monday a General Accounting Office report on what the GAO called "unreasonably high prices" paid GM under the contract. The report said GM chalked up a profit of \$32,940,500 on a \$208,998,000 portion of the \$375,848,000 contract whereas a profit of only \$15,481,300 had been "contemplated."

Auditors Allegedly Barred

The GAO, sometimes called the Congress' "Watchdog of the Treasury," said GM refused to let government auditors see its books in incomplete defense contracts. Hebert has offered to issue a subpoena to let the GAO auditors see the books.

General Motors, in a statement issued Monday night, denied any wrongdoing and said it has completed the contract "to the satisfaction of the Air Force over two years ago."

It said its profits on the contract was 11.3 per cent of sales before taxes and 5.4 per cent after taxes. "This," it said, "is a reasonable rate of profit and substantially below the rate . . . realized by GM in its commercial business."

Crop, Livestock Production Down, Supplies Continue High, Gov't Reports

WASHINGTON (UP)—The Agriculture Department said today the combined output of crops and livestock products in 1957 may be down as much as 5 per cent from 1956.

The department noted, however, that with large carryover stocks of wheat, cotton, corn and other feed grains, supplies of farm products generally will continue high.

Department economists, writing in the monthly publication, "The Demand and Price Situation," said current production prospects indicate crop output this year may be 7 per cent below last year. This would be the smallest since 1951. The crop production index, based on the 1947-49 average, probably will be 99 per cent in 1957 compared with 106 per cent for last year, the department said.

Total production of livestock and livestock products likely will be off

Attorneys List 6 Counties Believed Unfair to Couple

SALEM, Ill. (UP)—Defense attorneys today listed six counties where Mr. and Mrs. Robert Baker, Wormleysburg, Pa. believe they can't get a fair trial on a murder charge in Illinois.

The couple is charged with killing Marine Pvt. Larry M. Kirk, 21, Winslow Ind., near here as he was hitch-hiking home for Christmas. The trial was scheduled to be held here.

Attorneys for Baker, 26, and his 17-year-old wife, however, have asked for a change of venue, ruling out in their petition Marion, Clinton, Clay, Jefferson, Washington and Wayne counties. They charged "public opinion is prejudiced" in those areas.

Mrs. Francis Todd Dies at Benton

Mrs. Ota Kelly Todd, 70, wife of Rev. Francis Todd, 601 South McLeansboro street, Benton, died last night. The body will lie in state at the Courtney funeral home in Galatia until the funeral at 2 p. m. Friday. The funeral will be held in the Pleasant Valley church east of West End and burial will be in the Bethel Creek cemetery. Rev. Clifford Sullivan of West End will officiate assisted by the pastor of the church, Rev. Snider.

In addition to her husband, Mrs. Todd is survived by the following children: Mrs. Cecil Beriong, Benton, Mrs. Ada Gaither, Benton, Mrs. Eunice Beriong, Galatia and Mrs. Beulah Gibbs, her sons, Elmer Holiday, Pontiac, Sam Holiday, Oklahoma, and Henry Holiday, Peoria; 13 grandchildren and nine great-grandchildren. Her brother, Des Bozarth of Thompsonville RFD and her sisters, Mrs. Alice Wormly, Thompsonville, Mrs. Eddie Aaron, Belleville, and Mrs. Elza Whittington, Joliet, also survive.

Reporter Found Badly Beaten

MURPHYSEBORO, Ill. (UP)—Robert McClure, 25, a reporter for the Southern Illinoisan newspaper here, was found badly beaten early today.

McClure was taken to St. Andrew's Hospital here and placed under oxygen.

Sheriff Howard Cheatam said that McClure suffered an "unmerciful beating." He said he would talk with the reporter as soon as his condition permits.

Cheatam said that he received a call about 4 a. m. from a resident about a mile north of De Soto, on U. S. 51, saying that McClure had staggered upon his porch and appealed for help.

"He was beaten all over and kicked in the stomach, face and ear," Cheatam said. The officer said that it appeared that there had been more than one assailant.

Bees Attack Fans In Front of Elvis Presley's Mansion

MEMPHIS, Tenn. (UP)—Fans gathered in front of Elvis Presley's new mansion here were rocking 'n' rolling Tuesday without any prompting from the loose-hipped singer.

Fans clustered around the wrought iron gate to Presley's Southern-style mansion hoping to catch a glimpse of their hero were attacked by a swarm of bees.

J. F. Ashworth and a helper arrived to cut down a dead tree about 100 feet inside the gates. As the tree fell, the bees swarmed out.

"Move back out of the way—they're mad," shouted Ashworth. The fans stood their ground, but not for long. One man swatted at his neck. A woman grabbed at her hair. The crowd raced for their cars, swinging their arms at the insects as they went.

About half a dozen persons were stung.

Trigger Ninth Nuclear Device

ATOMIC TEST SITE, Nev. (UP)—"Kepler," the ninth nuclear device fired by the Atomic Energy Commission in its summer series, was triggered atop its 500-foot steel tower at 6:50 a. m. c. d. t. today and the earth was shaken from a yield estimated at more than 10,000 tons of TNT.

The resulting thunderbolt disintegrated the tower and unlocked new secrets of nuclear fission for AEC scientists. Some 700 military observers got first-hand experience in atomic warfare as they crouched in trenches about 3,000 yards away from ground zero.

Observers from foreign countries watched today's display as guests of the Federal Civil Defense Administration. A continuation of the underground shelter experiment was held by a group of 18 members of the civil effects test group and naval radiological defense laboratory.

The underground team was reported "all safe" after the blast and proceeded with taking radiation reading from inside the shelter.

\$112,497 Savings Bonds Sold in Saline County During June

Saline county residents purchased a total of \$112,497, in Series E and H United States Savings Bonds in June, according to a report received from the Savings Bonds Division of the United States Treasury Department by Volunteer Savings Bonds County Chairman, Herley H. Shepherd of Harrisburg.

Sales in the state of Illinois for June were \$32,396,052, according to T. Merle Paul, State Director of the Savings Bonds Division for Illinois. This is only 2.7 per cent less than the total for June of last year, and sales for the first six months represent 48.9 per cent of the annual quota which is \$444,000,000.

Illinois sales for June accounted for 8.9 per cent of national sales which were \$362,305,000.

Wunderlich Gives Kiwanians Report On Convention

Fred Wunderlich lieutenant governor of Kiwanis Division 16 and member of the Harrisburg club, last night gave a report of the Kiwanis International convention at the regular club meeting held at the Masonic temple.

The international convention was held the last week of June at Atlantic City, N. J., and Wunderlich and his family toured historic spots in the Eastern states en route to the convention.

Places visited included site of Fort Mifflin which was built by George Washington and was the scene of a battle with the French and Indians before the American Revolution; Washington, D. C., and the sites of interest there including Ford Theatre where President Lincoln was shot and the home where he died; the memorials; Alexandria, Va.; Colonial Williamsburg;

The Jamestown festival; Gen. Lee's home, Fredericksburg, Va., the home of Barbara Fritch; Fredericksburg, scene of Civil War battle, and Atlantic City where the convention was held.

Highlight speech of the convention was by President Carlos Romulo of the Philippines and marvelous entertainment was interspersed throughout the convention business.

President Richard Davenport announced a board of directors meeting July 31 at Schriener's cafe and urged members who have missed regular meetings to make up their attendance at the board meeting.

Seaman Cancels Trip to Identify Slayer Suspect

WATERLOO, Iowa (UP)—A merchant seaman held fast today to his identification of a suspicious motorist who have him a ride at Bay Village, Ohio, several hours after Marilyn Sheppard was killed three years ago.

But, temporarily at least, he called off a plane flight to Florida to positively identify Donald J. Wedler, 23, who "confessed" the slaying as the motorist.

Wedler's confession has been called a "phony" by the Ohio officials who investigated the murder and prosecuted Dr. Sam Sheppard, who is now serving a life term on charges he killed his wife.

Sheppard's attorney, William J. Corrigan, Cleveland, at first told the seaman, Ernest J. Kolofolias, 32, he would pay Kolofolias' expenses for a flight to Florida to see Wedner, the seaman said.

But Corrigan withdrew the expense offer late Tuesday and told Kolofolias to go to Florida "if you want to." Kolofolias said. With that, Kolofolias canceled his flight plans and said only that "maybe" he would go to De Land, Fla., to identify Wedler.

"That still doesn't change my identification of the man," Kolofolias, from Long Beach, Calif., said. "He is the man or his twin brother."

The Daily Register 30c a week

Escaped Convict Captured by State Trooper

ST. ELMO, Ill. (UP)—Escaped convict Karol Van Collins, who managed to elude spotlights, bloodhounds and search planes for 18 hours, was captured Tuesday night by a state trooper when a farmer noticed his leg sticking out of a hayloft.

Van Collins 56, was being taken by car from the Leavenworth, Kan., penitentiary to Portland, Maine, to face charges of transporting stolen property across state lines. He had just completed a two-year term for auto theft.

Two other prisoners were in the car as it slowed down during a storm Monday night near Browns-town.

Still handcuffed, Van Collins darted out of the car and disappeared into the stormy night with U. S. Marshals in pursuit. Bloodhounds were recruited later but apparently couldn't hold the scent because of the rains.

Shortly after the land and air hunt was called off, Louis Miller, a farmer, heard of Van Collins' getaway and decided to check his barn. Van Collins' leg was jutting out of the hayloft and was noticed by Miller who notified authorities.

State trooper Eugene Hood, Vandalia, made the arrest while Miller and another man gave him cover from outside. Van Collins offered no resistance.

Although Van Collins was found only eight miles from where he made his escape, authorities estimated he had covered 20-25 miles during the night.

"My only thought was to get back to my wife in Portland," Van Collins said.

Mrs. Elmer Stricklin Dies at Eldorado

Mrs. Lillie Stricklin, 72, widow of Elmer Stricklin who died in 1950, died in Ferrell hospital, Eldorado, at 1 a. m. today. Her home was between Eldorado and Raleigh. She is survived by three daughters: Mrs. Fred (Opal) Hedger, Eldorado, Mrs. Edgar (Ethel) Hood, East St. Louis, and Mrs. John (Hazel) Tibbs, Mayfield, Ky.; her brother, Tom Empson of Rudement and her sister, Mrs. Hillery Ozeo, of Carrier Mills. There are five grandchildren and 13 great-grandchildren surviving.

The body will lie in state at the Eldorado funeral home until the funeral at 2 p. m. Friday in the Raleigh Baptist church. Rev. Delmar Feazel will officiate and burial will be in the Raleigh Masonic cemetery.

Plant Reports 15 Physicians Refuse An Emergency Call

HACKENSACK, N. J. (UP)—Officials of a meat processing plant said today that 15 physicians refused to respond to emergency calls to aid a woman employee whose hand was jammed in a machine.

Mrs. Agnes Chatham, 31, of Passaic, was taken to Hagensack Hospital Tuesday with part of the machine, a steak tenderizer, still attached to her hand. She was treated for a bruised hand and shock and released.

Officials of the Ten-De Brand Frozen Food Co. plant said they had telephoned 15 physicians to come to the plant to give Mrs. Chatham emergency treatment, but all had refused.

They said they partially dismantled the machine and took her to the hospital.

Brownell Urges World Court to Settle Disputes

Plan Offered at American Bar Ass'n Meeting in London

LONDON (UP)—U. S. Atty. Gen. Herbert Brownell Jr. called today for a "total" international court system in which all nations would be forced to settle their disputes.

Brownell offered his plan at the opening here of the American Bar Association's annual convention, the first full-size American convention held in Europe and the biggest Anglo-American legal gathering ever organized.

Nearly 3,000 American lawyers and an equal number of dependents traveled here aboard several ocean liners and dozens of planes for a week-long survey of international legal problems with the top legal brains of Britain.

Speaking in Westminster Hall, a hallowed landmark of Anglo-Saxon law in Britain's houses of parliament, Brownell said a "total" international court system was the safest way to end the risk of nuclear warfare. He proposed that Britain and the United States pioneer its establishment.

"We must perfect a machinery for settlement of international dispute—not occasionally, but on a total basis—under a tribunal or system of tribunals which will command general confidence as to the fairness of their judgments," he said.

Brownell implied criticism of the present international court at The Hague when he said the proposed tribunal system he supported by

public opinion that will not tolerate a departure from the decisions of the court.

The Hague court can decide disputes only if the nations involved volunteer their submission. It was unable to do anything about the two world wars, Korea and the Suez crisis.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Such a common thing as unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

Order Schools In Dallas to Be Desegregated

By United Press
The Fifth U. S. Circuit Court of Appeals in New Orleans Tuesday ordered public schools of Dallas, Tex., desegregated "with all deliberate speed" and opened the way to a court test of school segregation at Miami.

The sweeping decisions coincided with historic decisions of three North Carolina cities to accept at least 12 Negroes voluntarily in previously all-white schools.

The appeals court overruled the northern U. S. District Court of Texas which had thrown out the complaints of 28 Negro children and their parents who sought admission to white schools through court action.

The court held that the Negroes had been denied a right to attend the public schools of their choice "solely on account of their race or color, but did not order Dallas schools integrated immediately.

Under the ruling the schools may remain segregated until a detailed study can be made of 12 key questions relating to the possible effects of integration. But this ground work for integration must proceed "with all deliberate speed," the court said.

Facing Eviction, Legless Roomer Kills Landlady

MUNCIE, Ind. (UP)—A legless, retired railroad worker, despondent over threatened eviction from a rooming house, shot and killed his landlady, critically wounded her daughter-in-law and then killed himself.

Police said A. E. Kean, 80, went on a shooting rampage Tuesday afternoon after brooding about who would take care of him since his wife was dead and he faced eviction.

Armed with a .32 caliber pistol, authorities said Kean entered the apartment of his landlady, Mrs. Nancy Quirk, 75, and fired a bullet into her head as she sat in a rocking chair. Mrs. Quirk died instantly.

He then shot and critically wounded Mrs. Quirk's daughter-in-law, Mrs. Irene Quirk, 57, and shot at another roomer in the home, Bessie Holt, who managed to flee to safety.

Kean returned to his room, police said, and turned the gun on himself.

Mrs. Iren Quirk was hospitalized with a bullet wound in the head. Miss Holt was treated for shock.

Kean, who lost both legs in a boyhood train accident and learned to walk on artificial limbs, had been asked by Mrs. Quirk to give up his room because he was too old to care for.

National Income At Record Rate

WASHINGTON —The income of individuals and unincorporated businesses in the United States climbed to a record annual rate of 355 billion dollars during the first quarter

of 1957, the government reported today.

The figure exceeds the national income rate of last year's first quarter by 19 billion dollars and is about two billion dollars above the 1956 fourth quarter rate.

Smoke rising from an erupting volcano is not smoke, but steam.

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gag, bloot or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONOID, the amazing new laxative discovery possesses COLONOID's great moisturiz-

ing capacity, plus COLONOID's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONOID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONOID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONOID exercises your colon to tone it against constipation, overnight! Get COLONOID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

XXVIII

Dorothy brushed her hair back. "You weren't out there when I yelled at your mother. I told her off on a number of counts. All afternoon, Garde, she'd been pickin' at Carl and me. Our friends — and your new friends — our clothes and your clothes. And then when you came up the hill with that nice girl — and she is nice, I could tell."

"Yes, Nan's a fine person." Now he leaned back against the counter edge to listen to what Dorothy had to say. He liked this beautiful girl whom his brother had married — she sometimes could be a little vulgar, to give his mother's opinion of Dorothy fair consideration — but she was always beautiful, whether laughing, talking, in repose, angry or happy — and she also was as big-hearted as any woman could be, generous. She loved Carl. So — Garde liked her.

"I told her to let you boys alone! Personally, I'd think you couldn't do better than that Nan, but if you like the other sister better — why, that's your business. And I guess you do like her better from the way your mother criticizes her. And you. Why, she even takes wrong the way you've been watering the trees that girl planted — for spite, your mother says. Why, she even claims this Valley buried something — hid it, you know — when she planted those trees. Carl told her she watched too many TV shows."

Garde straightened, stiffened; his head went up alertly.

had got—very fond of Nan's sister.

Of course, he hadn't seen Valley either.

But, anyway, it was both a relief and a pleasure, on Thursday, to answer his phone and hear Nan's voice, cool, but friendly, in his ear.

"Well, hello!" he said with enthusiasm. "I'm glad you called."

"Are you, Garde? I expect you're busy."

He looked down at the cards of patients still to be seen. "I can stand a break."

"I'll make it short," Nan promised. Her manner of almost boyish brusqueness came through the

phone; he could see color creep into her cheeks and one hand tugging at a lock of her hair.

"The gang is cooking up a party at the club for tomorrow night. It's a spur of the moment thing. We're trying to get enough who think they'll come to make it a success—not only financially, but you know how dead a dance is with three people on the floor. So Oh, I haven't told you. Bill Marquart found out that we could get his big-name band for that one evening between a big debutante party he's playing for in St. Louis and an engagement in Kansas City."

He took a deep breath. "Listen

The Daily Register, Harrisburg, Illinois

Coca-Cola, McKinley Baptist, Walker's Cleaners, Shawneetown Win in Kiwanis

Coca-Cola defeated Skaggs Pharmacy, 20-12; McKinley Avenue Baptist defeated Social Brethren, 22-12; Shawneetown beat Athletic House, 17-8; and Walker's Cleaners triumphed over Barger's Ac-

countants, 18-15, in Kiwanis league play Tuesday.

Coca-Cola rallied for 10 runs in the final inning to defeat Skaggs, 20-12. Boone and Stinson had three hits each for the winners and Darrar and Epperheimer hit safely twice. C. Meadows singled twice to lead the losers. Boone was the winning pitcher.

Cannon homered, tripled and singled and Chambers homered and singled twice to lead McKinley Baptist to a 22-12 win over Social Brethren. D. Nelson doubled and singled, Kuppert homered and tripled, Davis tripled and doubled and Hefner singled twice for the winners. Bennett homered twice for the losers.

Patton scattered nine hits, fanned four and walked five while collecting three safeties himself as Shawneetown beat Athletic House, 17-8. Mayhall had three hits and Waller and Browning had two each for the winners. Roberson homered and singled and Vick homered for the losers.

Businaro homered with the bases loaded in the last inning to give Walker's an 18-15 victory over Barger's and first place in the Pony league standings. For the winners at bat Businaro had two homers, a triple and a double. Maynard had a triple and two singles. Williams had a double and three singles to pace the losers.

Today's Games

Kewanee Youth Nominated for Bravery Medal

SPRINGFIELD — Roy E. Hodge, 17, Kewanee, will be Illinois' nominee for the 1957 Young American Medal for Bravery, Gov. Stratton's office said today.

Hodge's name will be submitted to a national committee in Washington for consideration for the medal.

Hodge was selected by Stratton as Illinois' candidate for his efforts to save three youngsters from a burning building in Kewanee, at the home of Harold J. Olson.

Hodge was walking along the street near the Olson home when he spotted the fire. He sent a companion, Shirley Anne Smith, to call in a fire alarm.

Then Hodge ran to the Olson home where he saw Sherry Olson, 15, and Karen Olson, 12, calling for help from a second floor window.

He stationed himself under the window and told the girls to jump, breaking their fall.

Hodge then attempted to enter the burning home to save Cotty Lee Ball, 7, who was still in the building. He was forced back, however, by smoke and heat.

Mickey Mantle's 'Greatest Day In Baseball' Leads Yankees Over White Sox, 10-6

By United Press
Mickey Mantle's homer wasn't quite out of this world and the Chicago White Sox aren't quite out of the American League pennant race—but both points seem academic today in the wake of the New York Yankee slugger's "greatest day in baseball."

In a one-man show that rivaled anything ever accomplished by Babe Ruth himself, Mantle virtually single-handedly took the White Sox apart Tuesday night in a 10-6 victory that sent the Yankees 5½ games ahead of the American League's sole remaining "contender."

"I'd have to say it was my greatest day in baseball," the 25-year-old slugger admitted. "At least, I can't remember a better one."

First, there was the thrill of Mickey's 465-foot homer in the third inning that came close to being the first fair ball ever hit out of Yankee Stadium.

The White Sox, out-gunned but dead game, battled back to go ahead, 6-4, in the sixth inning only to have Mantle deliver a triple with the bases filled, highlighting a five-run seventh-inning uprising that sent the world champions in front, 9-6. In all, the Yankee slugger hit for the cycle—single, double, triple and homer—for the first time in his big league career, took over the batting lead (.367) and the runs-batted-in lead (69) and moved to within one of Ted Williams in the homer race with a total of 26.

Ditmar Gets Win
Mantle hit his super homer battling left-handed against right-hander Bob Keegan and blasted his game-winning triple battling right-handed against left-hander Jack Harshman, who was tagged with his fifth defeat. Art Ditmar, third of four Yankee pitchers, was credited with his seventh win although Bob Grim shut out the White Sox for the last two innings.

Frank Sullivan scattered 10 hits to pitch the Boston Red Sox to a 1-0 victory over the Kansas City Athletics and Billy Hoelt won his third decision as the Detroit Tigers whipped the Baltimore Orioles, 5-2, in other AL games. Cleveland at Washington was rained out.

The Red Sox scored the only run of their game in the fourth inning when Jackie Jensen singled, went to third on Joe DeMaestri's error and tallied on Billy Consolo's single. Sullivan struck out nine Athletics as he gained his ninth victory. Virgil Trucks suffered his fourth defeat.

Bill Tuttle and Ray Boone had a double and two singles each to lead the Tigers' nine-hit assault on four Baltimore pitchers. Hoelt yielded seven hits in 8 2/3 innings before Harry Byrd came in to retire the last batter.

Braves Keep NL Lead
The Milwaukee Braves retained their one-game lead in the feverish National League scramble when Bob Buhl's two-hitter gave them a 1-0 decision over the stumbling Philadelphia Phillies. The Brooklyn Dodgers beat the St. Louis Cardinals, 1-0; the Pittsburgh Pirates downed the Cincinnati Reds, 6-3, in 15 innings; and the Chicago Cubs blanked the New York Giants, 4-0, in the other NL games.

Johnny Logan tripled home Del Crandall in the second inning for the only run Buhl needed to notch his 11th win and second shutout. Milwaukee's Red Schoendienst singled in the eighth inning to send his batting streak to 20 games but Hank Aaron, back in action after five games, went hitless.

Johnny Podres pitched a five-hitter to gain his fifth shutout and eighth victory for the Dodgers, who scored the game's only run in the second inning on reserve catcher Rube Walker's bases-filled single. Stan Musial singled in the first inning for the 2,900th hit of his career.

Bob Skinner hit two homers to drive in three runs in the first 12 innings and then touched off the Pirates' three-run 15th with a single to help Vernon Law win his third game in seven days and seventh of the year. Brooks Lawrence suffered his sixth loss after the Redlegs tied the score twice on ninth and 12th inning homers by George Crowe and Jerry Lynch.

Rookie Dick Drott struck out 14 batters to win his ninth game for the Cubs, who dealt the Giants their sixth loss in seven games. Bob Speake had a single and a home run to lead the Cubs' attack.

'58 All-Star Game to Baltimore

BALTIMORE —The 1958 major league All Star Game has been awarded to Baltimore, it was announced today by Oriole Club President James Keely.

Keely said that the probable date for the game, the 25th in the series which started in 1933, would be Tuesday, July 8, 1958. No ticket reservations, Keely added, will be accepted until a date to be designated after the close of this season.

Peach Crop Begins Moving to Market; Less Than Normal

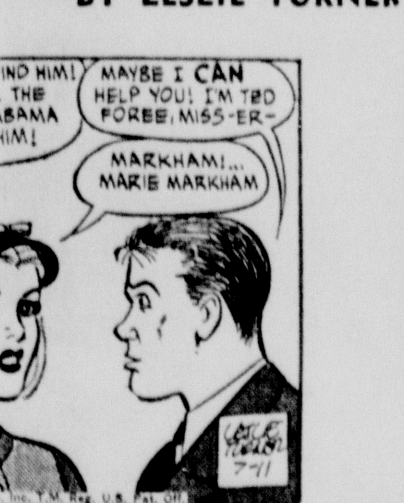

CARBONDALE, Ill. —A short Illinois peach crop, estimated by growers and peach industry experts to be only about one-third to one-half of normal, has begun moving to the markets.

Early varieties have already been harvested in southern Illinois. The Illinois Fruit Council at Carbondale said the Elberta variety, which makes up more than two-thirds of the total volume, will begin to move from southern Illinois from Aug. 3 to 8.

The council said growers expected better than average prices because of the short crop. Some 300,000 to 400,000 bushels will be marketed.

Illinois Peach Week has been set for Aug. 1-10.

Yankee Dugout Is Air Conditioned

NEW YORK —It's great to be a Yankee these hot days at Yankee Stadium.

When the Yankees returned home Tuesday night to open a 17-game home stand, they found their dugout has been air-conditioned—a five-ton unit wafting cool breezes up and down the bench while a de-humidifier gets rid of all that nasty moisture in the air.

All this, of course, has been done in the Yankees' dugout. The visiting team still has to sweat it out.

Unlike the Old World tree whose juices killed Socrates, the misnamed American hemlock is poisonous to neither man nor beast.

Big Car Auto Racing Sunday At Fairgrounds

Big car automobile racing is scheduled for the Saline County Fairgrounds track Sunday afternoon July 27, the opening session of the Saline County fair. Four former champions are expected to bid for another championship season.

Time trials will get underway at 12:30 p. m. and for the remainder of the afternoon there will be action galore to please racing fans.

Rocky Williams, three-time champion, heads the list of top notch drivers. Williams, champion in 1948, 1950 and 1956, is expected to drive an Arter Engineering Special Sunday. He owns a fabulously fast DeSoto V-8, but it may not be ready for Sunday, but the Arter is said to be quite a racer and the fans will enjoy it.

Other champions to appear in Harrisburg Sunday are Jerry Blundy, 1951 and 1952; Vic Watson, 1953 and 1955, and the 1954 winner, Ray Blinstrup.

Blundy will drive the black and white "1". The car has added fuel injection this season and may be just what Blundy needs to claim another championship. He is considered one of the finest dirt track drivers in the midwest, having experience in both big cars and stocks.

Vic Watson, the '53 and '55 champion, did very little big car racing last year, but was a leading driver on the midwest circuits. He states the short tracks gave him some needed experience on the curves and he is now ready to go again in the big car class. He probably will drive the Kirby Bros. Krasek D. O., a sleek, modern car with very powerful motor.

Hank Strube, another serious contender for the 1957 title, will be driving the Dobson Dryer No. 52, the car that won the championship in 1952 with Jerry Blundy at the wheel. Strube thinks it will repeat for him.

Other big name drivers listed to appear on Sunday's racing program include Duke Hindahl, Bill Allen, Paul Dorsie, Don Hindahl, Jim Strube, Doug Malm, Keith Sapp, Tuck Dowell, Frank Wright, Rosy Roseman and others.

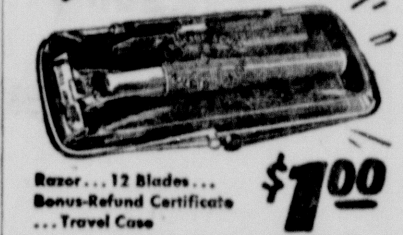

Manville's 10th Wife Walks Out

NEW YORK —Tommy Manville's 10th wife, 6-foot Texas show girl Pat Gaston has left the 63-year-old millionaire, ending in little more than two months the marriage Manville said would "last the longest."

The Daily Register 30c a week by carrier boy.

See Fast Drivers in Action Sunday at the Saline County Fairgrounds!

LINEMEN for Illinois electric cooperatives get an equipment safety tip from Instructor C. M. Scott while attending the Hot Line Maintenance School at Southern Illinois University's Vocational-Technical Institute. The school, conducted by SIU in cooperation with the State Board of Vocational Education, is designed to train men in safety precautions while working on high tension lines. Kneeling are Joe Wane, Newton, Carl Jones, Harrisburg, and Scott. Standing from left: Carl Merritt, Fairfield, Charles Mann, Fairfield, Carl Aterberry, Petersburg; John D'ehl, Petersburg; Al Hendricks, Petersburg, and Frank Stevens, Bloomington. (SIU Photo Service)

Thinking It Over

By Robert L. Dieffenbacher, D.D.
(Written for NEA Service)

In the beginning God created . . . The Bible starts with the statement that God was the first

cause of everything.

Today we live in a complicated world. Scientifically we work back from the known to the unknown. Although we cannot explain every-

thing in the world we are able to use many things and many forms.

Much of our daily living is based on faith. Faith in our understanding. Faith in the consistency of forces. Faith in people. Faith in the material and the ethereal.

Occasionally we overlook the fact that God is behind everything.

We fail to thank Him for His gifts, for the order of the universe. for the minds we have and for the salvation from human error and sin.
